Dear Lolo,

Last November Arts for the Aging launched its 3rd Anniversary Annual Fund Campaign, and we did it keeping one big secret ...

We named it The Capricorn Campaign to honor your visionary leadership and, of course, your birthday. Everyone in the AFTA family was on the mailing list, *except you!*

You founded AFTA 22 years ago combining two of your lifelong careers -- in science and in art. Now, the exploding senior population has made your work more important than anyone could have imagined. You saw the value of the arts in healthy aging, something science would prove years later.

AFTA has since touched the lives of thousands of frail older adults throughout the Washington D.C. area who wouldn't otherwise have access to the transformative power of the arts.

**Tonight we are happy to present you with this check to AFTA for \$42,639 raised by The Capricorn Campaign!**

These proceeds will provide for 235 AFTA programs this year, touching every one of the 1,000 seniors Arts for the Aging serves. Clearly you are an inspiration to so many.

On behalf of the Trustees of AFTA and the family of supporters who have helped us along the way, and with thanks from the older adult community whose lives and whose health Arts for the Aging improves ...

# Happy Birthday, Lolo!

Capricorns are independent, rocklike characters, capable of persisting for as long as is necessary to accomplish a goal they have set for themselves!
